Federal Geodetic Control Committee publications

Geodetic publications of the National Oceanic and Atmospheric Administration are available from the National Geodetic Information Center (NGIC). Relevant geodetic publications of the former National Geodetic Survey (C&GS) and the former Environmental Science Administration (ESSA) are also sold by NGIC.

Ordering Publications by Mail

To order a publication furnish the title and series designation. Include your name, complete address, and zip code. Price includes first-class postage. Make check or money order payable to the National Geodetic Survey. Do not send cash or stamps. Send your order and check to:

National Geodetic Information Center (OA/C18x2)
National Oceanic and Atmospheric Administration
6001 Executive Boulevard
Rockville, MD 20852

Ordering Publications in Person

Orders are filled by the Geodetic Reference Services Group located in room 14 of the Rock-Wall building, 11400 Rockville Pike, Rockville, Md. Purchases can be made over the counter at this address. However, all correspondence should be sent to the address stated in the preceding paragraph.

Telephone Inquiries

The telephone number for inquiries pertaining to availability of NOAA geodetic publications is (301) 443-8316.

Price List

The publications and prices cited in this listing are subject to change. New NOAA geodetic publications will be added as they become available.

Ordering Geodetic Data

Users are often interested in ordering geodetic data as publications. The NGIC also serves as the national depository for geodetic control data. For further information on ordering or subscribing to the geodetic data automatic mailing service, contact the NGIC.
